

Sprint 4: Internal Project Check-in Meeting

- **What has the team accomplished since the last time you met with the instructional team?**
 - Sprint 4: Project Plan
 - 4/9 Meeting with Cedric Nwafor
 - Dummy Data is complete
- **What is the team hoping to accomplish in next week's sprint?**
 - Creating the dashboard on Tableau
 - Brainstorm best ways to visually display data to help the community, farmers and donors
 - Schedule another meeting this week for project updates and questions
- **What barriers or challenges has the team encountered?**
 - Scheduling meetings with the client due to conflicting time schedules.
 - No access to PowerBI. So we pivoted to Tableau
